2011 Open Gardens Registration Form

Name(s): _____

Gardens opened anytime between 1999 to 2010 are in our database. Please indicate your preference:

Use the most recent published description as is **OR** Use the new description below.

If you are open for the first time, describe your garden, including style, mood, special features, plants, structures, challenges. Be enticing but mysterious! We edit for length and clarity.

Garden description – Print clearly below, attach a typed description, or email the registration form.

Driving directions are from downtown Seattle. Include mileage, if possible, and parking limitations.

PLEASE READ THE FINE PRINT: Only current members of the NPA are eligible to be in the 2011 Open Gardens Directory. NPA insurance covers members should some incident occur in your garden during your open day(s), and non-members are not covered. Be sure you have renewed your membership for the 2011 year before you mail in this form. I don't want to have to send you a notice in March and embarrass you because you haven't renewed. Please limit your garden description to 250 words. There is a maximum limit of 10 Latin words per description. (Spell check doesn't even know Latin.) We really appreciate your timely response. Entries received after the deadline may not be included in the book unless you have a very ingenious excuse. The very last entry received will be awarded the ignominious "Skunk Cabbage" award in the book, so don't delay! If you have questions please feel free to call us at (425) 647-6004, or email us at info@northwestperennialalliance.org (put NPA in the subject line). NPA sincerely thanks you for your participation. And, did I mention that your name goes into our drawing for one of four \$50 gift certificates from Wells Medina Nursery? Odds of winning if you don't open your garden? Zero, zip, nada! Mail your form today – we'd all love to see your garden!
